

UKMTO ADVISORY

025-25 - ADVISORY

Report Date:

04 Jul 2025

Report Time:

0852UTC

Issue Date:

04 Jul 2025

Source

Verified

Despite the reduction in reported threat levels inside the wider Gulf region, vessels are reminded that there remains a high threat of collateral damage to vessels visiting Houthi controlled ports in the event of any further strikes against targets in these port areas.

All vessels are advised to exercise extreme caution in the vicinity of ports that have been subjected to previous strikes, and should consider carefully whether the risk of ongoing navigation/operations in those areas remains judicious.
